Dear Gene:

Jaime and I returned from a grand 10 days in the Rockies to find ^{your} letter of 2 July. Since you're going to be in Dallas the week before the Montreal meetings, I will plan to stop by Brookhaven for a few days afterwards. I have to present a portion of a symposium that Axel Kahn is moderating, but I'm not sure of the precise date and time.

Talked to Bob Conard a few days ago, and that last week in August would fit in with his schedule to do some additional work on the 25-year report. I shall contact Emilie and see if she can stretch her stay to spend a few days with us there. I know she has many friends she would like to visit, and the lure of the Picasso exhibit is irresistible.

Let me know which day you'll be in Montreal and I'll try to make contact with you then if not before. Much love to the family.

With warmest personal regards,

don

Dear Don

When are you staying in Montreal?
 I'll try and contact you.
